# KALO

HOSPITALITY

KALO MOBILE APP

Browse daily menus and top up student wallets. Scan-to-pay using existing student ID cards.

SEAMLESS APP EXPERIENCE

Students can instantly pay for meals with their existing student ID cards.

- Parents sign up with their child's student ID details on the Kalo mobile app.

- Parents can browse through available menus and top up the account.

- To make a payment, the student's ID barcode is scanned and the amount is instantly deducted from the student's account.

- Through the mobile app, parents can instantly see the account's remaining balance.

- The simple scan-to-pay functionality ensures students can check out quickly and reduces wait times.

Parents sign up through the app and select the number of children. Multiple student wallets can be linked and managed from a single parent account.
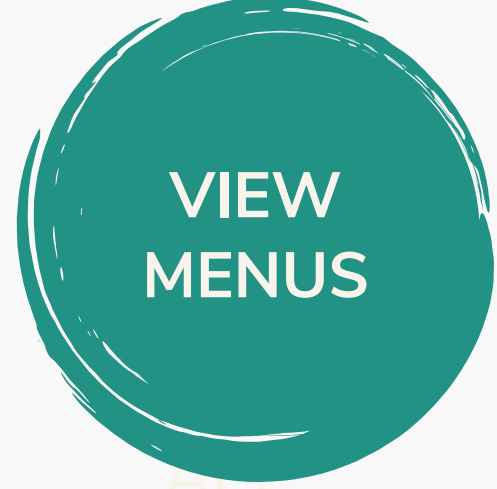

The parent enters each child's student ID number. This ID number is linked to the student's digital wallet.
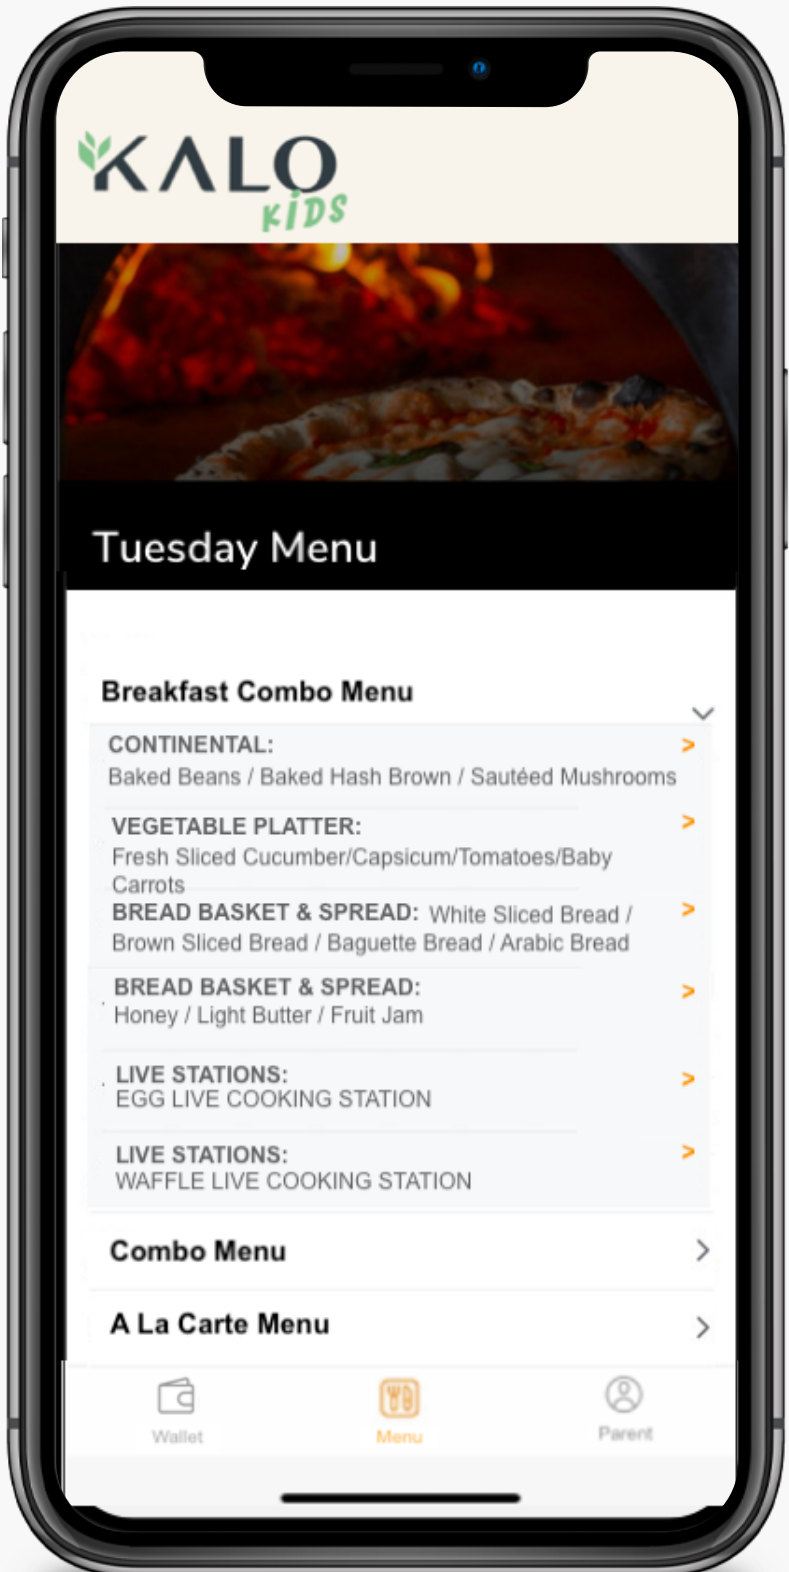

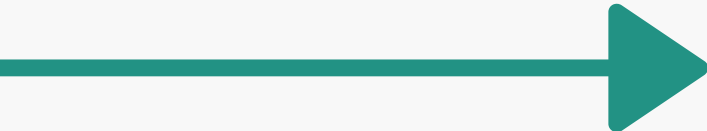

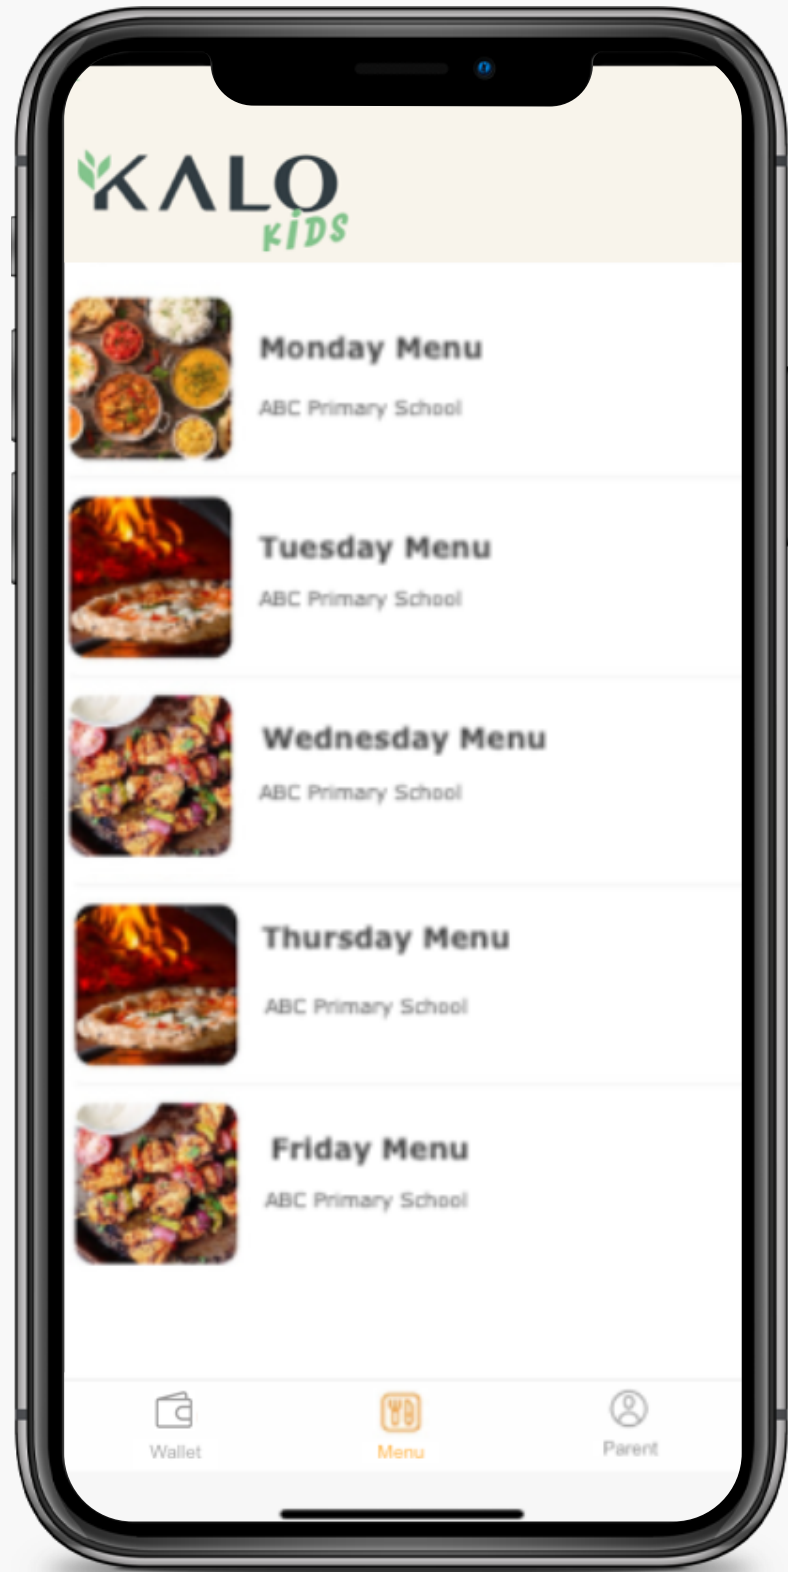

WALLET TOP UP

Each child has their own digital wallet linked to their student ID. Parents can view a wallet's balance and top it up through a digital card payment.

Parents can top up with local or international debit and credit cards. Parents can also top up through 1-click payments with Apple Pay and Google Pay.
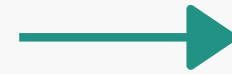

VIEW MENUS

Weekly and daily menus can be viewed on the menu tab.
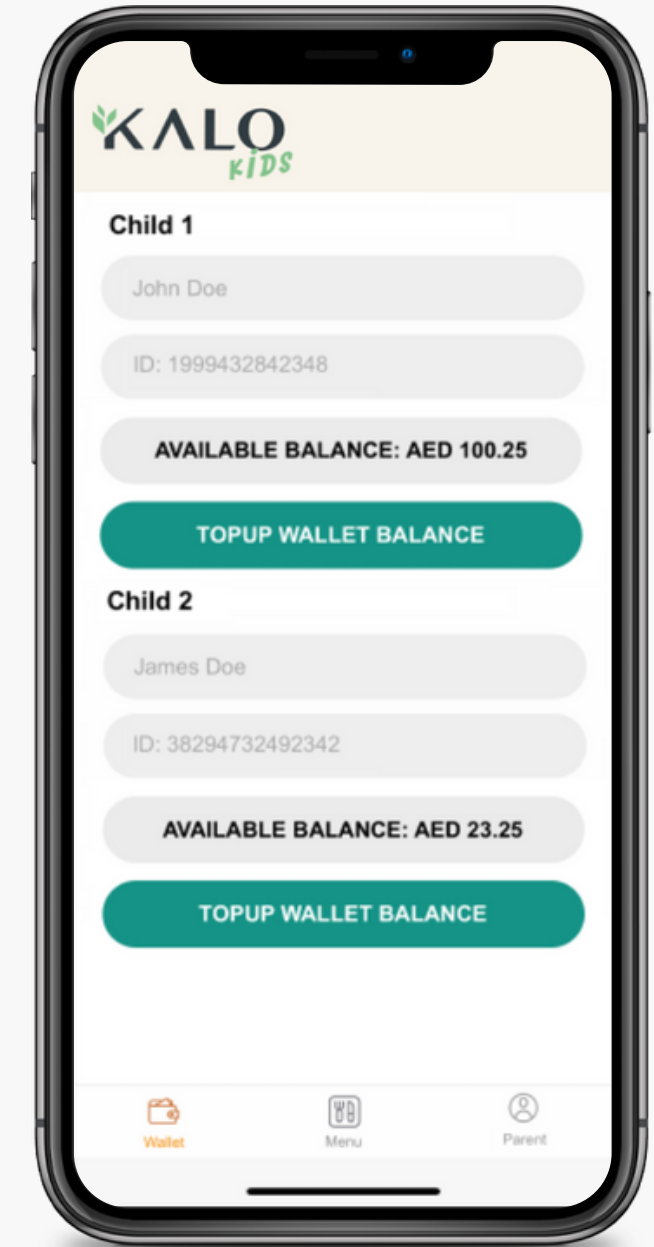

View combo and a la carte menus.
